From flight attendant with learning disabilities to university lecturer (2015 - 2017) and, according to FOCUS, the best speaker in the German speaking area. The „Wirtschaftswoche“ writes about him: „Beck does Edutainment, a new modern way of learning“ and n-tv writes: „In his seminars and books he motivates people to see the beauty in life and make their dreams come true“.

His Podcast immediately shot to number 1 in the charts and has already been downloaded more than 26 million times. Lufthansa has him in the board program. He has already trained hundreds of thousands of people live, and he is also the personal advisor of well-known CEOs. Companies like American Express, Bertelsmann, Microsoft and many others have trusted him for years. Moreover he has been sharing stages with the Dalai Lama and Gary Vaynerchuk already.
